“Working with Pat and the staff at the Pavilion was nothing but a pleasure in respect of the highly professional experience, facilities and service when hosting part of the Presidential State visit in October 2021. From the planning, to the delivery, no stone was left unturned as the Pavilion rose to the challenge of showcasing the hospitality on offer. Many congratulations and appreciation for the work done.”

UL's Newest Sports Facility

UL is home to a multi-purpose, fully floodlit, all weather synthetic grass park with two full size 3rd generation soccer pitches, one full size 3rd generation rugby pitch and a full size 3rd generation GAA pitch.

This is the largest artificial grass development in Ireland to date designed to IRB, GAA and FIFA specifications. The 3G all weather surface plays like natural grass and is designed for full contact.

Each full size pitch can be sub-divided to create smaller sized playing areas. Player comfort is a priority and this synthetic surface is unlike most others as it eliminates carpet burn and reduces the risk of injuries caused by the other hard or uneven surfaces.

In addition to the state of the art playing fields, a sports pavilion which contains a reception area, eight changing rooms with underfloor heating, two squad rooms and The Pavilion bar & restaurant.

We bring more to the table

For over three decades Master Chefs has been setting standards within the food industry. Over that time we have evolved from being a conventional event catering operation into a more diverse and ambitious business, garnering multiple awards along the way. An independently owned Irish business, we are industry leaders in sustainable practice, fully committed to our goal of becoming a zero waste enterprise as we continue to champion local producers. As Master Chefs continues to grow - one thing will remain unchanged - our focus on the highest levels of excellence in everything that we do.

WHAT WE DO

At Master Chefs we are proud to offer a diverse range of services within the sector in the areas of education, health care, sport & leisure, the high street and, of course, events.

Our umbrella is a broad one. We are producers, caterers and restaurateurs in our own right, with a number of award-winning eateries including Copia Green - an innovative new sustainable and nutrition-focused café - within our growing portfolio.

The scale of our operation has grown steadily to match our ambition for the brand. We bring the same passion and attention to detail to our catering partnerships with third level institutions as we do for sell out events at Thomond

Park Stadium. Scaling up for the complete spectrum of events has become second nature to us. Talk to us about how we could help you with your upcoming event, business place catering or anything food related.

OUR AWARDS

We take great pride in what we do and our reward is the way in which our products and services are received by our clients and their patrons, nevertheless...

- Master Chefs were named 'Best Event Caterer' at the 2018 Gold Medal Awards - the literal gold standard for the industry
- 'Best Catering Job' at the 2018 National Hospitality Awards (NHA) - the pre-eminent pan industry awards for the Irish hospitality sector.
- 'Best Retail & Hospitality Business' 2018 at the Limerick Chamber Regional Business Awards.

We don't do it for the accolades, but the recognition of our drive and ambition doesn't hurt!

SUSTAINABILITY AT MASTER CHEFS

We are as serious about sustainability as we are about quality and service. The initiatives that we have put in

place across our business have enabled Master Chefs to be recognised as industry leaders in best practice. With the recent purchase of a farm in Co. Limerick, we drive our future plans further with plans to produce our very own high quality organic foods.

Our mission is simple clear, create inspiring vibrant eateries that have sustainability at the centre of every business decision we make along the consumption life-cycle, what we choose, purchase, consume & discard.
